Royalty Contest

Those wishing to compete must be a "member in good standing" and complete the attached entry form for return to the Royalty Committee Chairperson by the due date listed on the entry form. The Royalty contest/show will be held at the last MVR fun show in the fall. The contest will consist of two parts. Part 1 is a personal interview with the judge or judge's panel (50 point scale). Part 2 will be a riding competition. A pattern will be selected by the judge's committee and communicated to the contestants before they ride (50 point scale). The scores from Part 1 and Part 2 will be totaled. One individual from each category will be selected based on total score.

The Royalty contest is designed to recognize individuals possessing characteristics that positively reflect the organization. A contestant cannot hold a given Royalty position for more than two consecutive years unless there are no other applicants for the position. Winning contestants will receive a new Royalty Sash. The Royalty crowns will be turned over to the care of the newly crowned Royalty at a coronation ceremony at the conclusion of the fall show, with the exception of the queen's crown in the event that the MVR queen is running for WSCA Queen, then the crown will be passed on after the Championship Show. Should a crown be lost, the Royalty responsible for the loss will pay replacement cost. Crowns requiring replacement arising from wear and tear will be purchased by the Royalty Committee. The King/Queen crown shall be larger than the Prince/Princess crown. While encouraged, it is optional for an MVR Queen to compete in the WSCA queen's contest. The WSCA Queen competition has its own rules and criteria that must be met starting early in the year (see www.WSCA.org website for complete details).
